

To: All AIA Presidents and President-Elects of the Northwest and Pacific Region

"E Komo Mai" Welcome to Hawaii this October 7 to 10, 2008

AIA Honolulu is ready to host all of you at the Northwest & Pacific Regional Conference called "Crossroads of Design and Diversity" right here in the heart of Waikiki and we are anxious to find out how many of you will be joining us. Our National AIA President and President-Elect, Marshall Purnell and Marvin Malecha, as well as AIA Executive Vice President and CEO, Christine McEntee have all committed to being here with us.

This conference is a mere two months away. We are asking all of you to encourage as many of your members to register now by going online to [www.aiahonolulu.org](http://www.aiahonolulu.org). Our goal is to have at least 10% of your members in attendance.

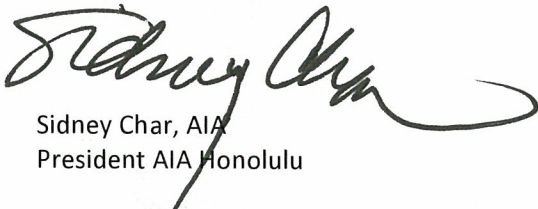

We have planned a golf tournament, a sunset welcome reception, a Hawaiian luau, tours, keynote speakers, continuing education sessions with CEU credits, Dining by Design, the Pacific Building Trade Expo, and the Regional Design Awards Banquet as part of the activities. So come join the fun in the sun and experience the Hawaii that we would like to share with all of you, as well as the diversity within our unique Northwest Pacific Region.

**SIGN UP NOW!**

If you register before Sunday, August 31<sup>st</sup>, 2008 the registration fee is discounted from \$450 to \$395. Registration for AIA Associate members is \$150.

We are counting on having you all join us and would like to confirm your attendance as soon as possible so we can complete our planning for each event and activity. Please start asking your membership to sign up and start making their travel plans as soon as possible. The sooner we know how many are signed up, the better we can complete our event details. Please send us an advance headcount at your earliest convenience. We look forward to seeing all of you in October.

With Warmest Aloha!

Sidney Char, AIA  
President AIA Honolulu

Joe Ferraro, FAIA  
Co-Chair

David Bylund, AIA  
Co-Chair
