

John Mader, AIA, LEED AP

Senior Associate

Project Director

Joined Gensler 2001

20 years experience

John Mader has over 20 years experience in architectural design and master planning. He has participated in projects ranging from technically demanding healthcare facilities to programmatically complex office and mixed-use developments. His extensive experience in the area of base building design and managing large mixed-use developments makes him a valuable member of any team dealing with the types of design and technical coordination issues that arise in a large-scale or high-rise building project. John is based in Tokyo, from where he able to service projects not only in Japan but throughout the Asia-Pacific region. Among his recent projects are a 40-hectare residential master plan in Hyderabad, India; and a 35,000 sm resort hotel in Okinawa, Japan.

Background

M.Arch. in Architecture & Urban Design,

University of California, Berkeley

M.P.A. in International Economics, Princeton University

B.A. in Government, Harvard University

Registered Architect, California

LEED Accredited Professional

American Institute of Architects

Urban Land Institute
