#### **Professional Experience**

As Principal Architect for healthcare architecture projects at Architects Hawaii Ltd. (AHL), Mr. Muraoka is personally involved in all healthcare projects to insure successful delivery. His experience spans 40 years in planning and designing of healthcare and medical facility projects.

As a founding member of the American College of Healthcare Architects (ACHA), Mr. Muraoka is certified as being extensively experienced in the highly specialized field of healthcare architecture. He is the only ACHA member in Hawai'i.

To keep AHL and its clients in the forefront, Mr. Muraoka participates in numerous national and international healthcare planning and design conferences and symposiums. He has been the keynote speaker at a number of international conferences related to healthcare architecture and planning. His project experience at AHL primarily focuses on Hawai'i, the Pacific Rim, and Asia.

Mr. Muraoka's expertise includes master planning, programming, facility planning, and design for complete replacement, expansion, and renovation projects. His sensitivity to clients' needs and awareness of changes occurring in the healthcare delivery process places him at the vanguard of his profession in designing state-of-the-art healthcare facilities.
